

Environmental Policy Statement

We continue to remain committed to the communities in which we work and we understand our responsibility towards current and future generations. I have set this policy that commits the Company to:

- Develop and continuously improve its environmental performance
- Minimise the extent of environmental impacts of operations within the Company's sphere of influence
- Minimise any emissions or effluents which may cause environmental damage
- Conserve energy through minimising consumption and maximising efficiency
- Promote efficient purchasing which will both minimise waste and allow materials to be recycled where appropriate
- Put in place procedures and support information that enables compliance with the law, regulations and codes of practice relating to environmental issues
- Provide suitable training on environmental issues for employees
- Recognise and encourage the contribution every employee can make towards improving environmental performance
- Develop procedures and, where appropriate, set performance targets
- Sustain and develop this policy by the implementation of an Environmental Management System (EMS)
- Monitor environmental performance, make regular reviews of the policy and EMS, and make improvements where possible

When necessary, this policy will be reviewed and updated, particularly in respect of major changes within the company and / or changes in legislation and bring these changes to the attention of all employees.

Ben London
Director
